

# Web Design Portfolio

Pranav Konjeti

## Introduction

For me, web design is a form of art that allows me to express my creativity and bring ideas to life. This portfolio showcases a collection of web designs I've created either for personal software projects, or designs for local businesses through my web-development agency.

Each website starts as a mockup in Figma, an online design tool, where I spend around 10-20 hours bringing the design to life. After that, I spend another 2-3 hours translating the design to code using ReactJS and TailwindCSS.

On the following pages, you'll find a brief description of each design, including the color palette, design choices, link, date of creation, and the actual design.

If the design appears blurry or unclear, each website is also live online and fully responsive on mobile, tablet, and desktop devices. Links are provided for convenient access

# Crackd

<http://crackdredesign.vercel.app/>

Crackd is an SAT & ACT prep platform with over 30,000 users. I focused on redesigning the landing page to maintain its minimalistic feel while modernizing it with clear feature explanations, custom Figma graphics, and an updated layout. I chose a blue color scheme to align with the platform's identity.

[Join Our Discord](#)

Loved by 70,000+ students.

## Where Students go from Cooked to Crackd

What we've been doing since [August 2024](#)

200 → 1380

Crackd has been the most helpful source for SAT prep that I've found. Staff provide you with targeted practice questions that help you move in any area that you struggle in. They worked with me one-on-DAILY, which was honestly what motivated me to study consistently.\*

Yours Truly  
Grade 12  
August SAT

1350 → 1550

I found Crackd through their Discord and it completely changed my SAT prep. Their practice-based approach with targeted questions based on weak points is exactly what I needed. The one-on-one support and detailed explanations made all the difference in my score improvement.\*

Shubh  
Grade 11  
May SAT

1240 → 1530

"Crackd is cracked! They got me to 1530 with a perfect math score. The friendly Discord community is full of people wanting to improve and others who love to help. If you're not on crack(d), then what are you doing???" Their practice-based approach and one-on-one support made all the difference in my score improvement.\*

Yureum  
Grade 11  
Sept SAT

1050 → 1050

"I was a crack pro only about 3 weeks and it was a great tutor was always minutes of me asking tips on how to improve. I highly recommend anyone looking for personalized SAT help."

Steve  
Grade 12  
Oct SAT

## All The Tools In One Place

### SIMULATION

#### Simulate the Real SAT & ACT Exam

Crackd allows you to simulate a realistic exam environment and provides hundreds of problems with all the same tools you'll be given on the DSAT and SAT.

[Our Exam Simulation was built in partnership with Desmos](#)

### ENGAGEMENT

#### Be More Engaged While Learning

We are a believer in engagement while learning. Set your goals and hatch your pet! Who said studying for the SAT or ACT had to be boring?

### SCHEDULE

#### Customized Study Schedule Generator

With Crackd, you can input your exam date and previous score results to view your personalized study schedule. This schedule is fully customized to your personal preferences.

### ANALYTICS

#### Track Progress with Detailed Analytics

With Crackd, you can track your progress on over 2,000+ official Collegeboard questions, covering all topics and difficulty levels.

### MOCK EXAMS

#### Timed, Test-Like Mock Exams

Take full-length mock exams in the same format as the DSAT and ACT. You'll be learning & improving at the same time with our detailed explanations.

[Explore The Platform](#)

## And So Much More, Believe it or not

Regular Updates

We're always adding new features — more mock exams, questions, study guides, user analytics, and others coming soon!

# The Home For Ambitious Students.

Ultra is the **ultimate platform** for ambitious students to get into top schools, find internships, and connect with mentors.

Get Started

Opportunities →

The screenshot displays the Ultra platform's user interface. At the top, there's a navigation bar with links for 'Profile', 'Insights', 'Opportunities', 'Fellowships', 'SAT', and 'FAQ'. Below the navigation, there's a large section titled 'Your Mentor' with a progress bar at 80/100. It includes sections for 'Enhance Academic Rigor with Additional AP/B Courses' and 'Participate in AMC Math Competitions'. To the right, there's a sidebar for 'Academic Score: 2+' which includes GPA (Unweighted: 3.94, Standardized: 3.94), GPA (Weighted: 4.65, Standardized: 4.65), and SAT (1530, Standardized: 1530). The main content area shows various opportunities like 'Grades Level Perspective', 'Extracurriculars', 'Mind', 'Athletic', and 'Personality' with ratings ranging from 2+ to 5. There are also sections for 'Secure Strong Recommendation Letters' and 'Pursue Energy Empowerment Internship'.

# EcoEats

<https://ecoeats.us>

Ecoeats is an app designed to make food waste more sustainable. I chose a neon green and white color scheme to emphasize the eco-friendly and sustainable theme of the site. The design also incorporates a modern aesthetic to appeal to a tech-savvy audience and convey innovation.

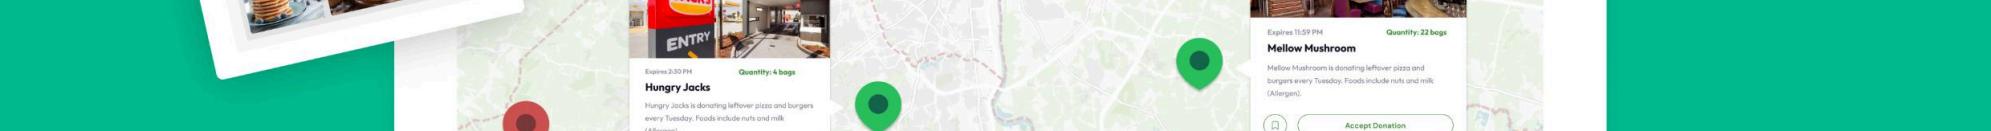

## Color Palette

## Typefaces Used:

Outfit  
Manrope

### EcoEats Design:

Solving Food Waste One Meal at a Time

## A Better Way To Give Back

EcoEats is a nonprofit that connects charities with restaurants that have surplus food.

[About Us](#)

[Explore Features](#)

The screenshot shows the EcoEats mobile app's main screen. At the top, there are three cards: 'Total Viewing Range' (5km), 'Search with Filters' (Cuisine, Ratings, Price Range, Volume), and 'Day-to-Day Analytics' (July 20th, 2024 to July 22nd, 2024). Below the cards is a map of Richmond, Virginia, with several green location markers. A callout bubble from one marker shows a listing for 'Hungry Jocks' with a picture of a restaurant and a button to 'Accept Donation'. Another callout bubble shows a listing for 'Mellow Mushroom' with a picture of a pizza and a button to 'Accept Donation'. To the left of the map, there's a sidebar titled 'Your Active Listings' showing two items: 'Pizzas' and 'Pasta'. At the bottom of the screen, there's a large green button labeled 'Accept donation'.

## Abundant with Features.

EcoEats provides a slew of features to allow a seamless and efficient food donation process ensuring a hassle-free experience for both donors and recipients.

[Learn more](#)

The screenshot shows four cards on the left side of the screen. 1. 'Available Everywhere': Shows the EcoEats logo and text: 'EcoEats is available on both iOS and Android, allowing anyone to download and contribute!'. 2. 'Contribute Easier': Shows the EcoEats logo and text: 'Whether you're a student or an adult, EcoEats allows anyone to contribute to their local community'. 3. 'Donate Easier': Shows the EcoEats logo and text: 'Easily sign-up to be a donor on our platform and post listings allowing recipients to view and claim!'. 4. 'Receive Easier': Shows the EcoEats logo and text: 'Recipients can easily view and claim listings near them and have a volunteer pick them up'. In the center, there are three phones displaying the EcoEats app interface: 'Listing Details' (a pizza listing), 'Active donations' (a list of food items like Pasta, Pizza, Donuts, Leftover burgers), and 'Recent Donations' (a table of donations from FeedMore, Salvation Army, Saint Francis House, Midwest Food Bank, and Red Cross).

## Advanced Analytics

EcoEats provides advanced donor analytics, allowing restaurants and participating donors to see exactly where they've made an impact!

**Intuitive Map.** EcoEats provides an intuitive mapping feature that allows recipients to see and get notified when a donor posts a listing in their respective area.

**Easy Listings.** Recipients can easily view the listings on the app and are able to sort and filter by many different categories like Expiration Date, Food, etc.

**Volunteering Made Easy.** EcoEats allows users to volunteer effortlessly, whether that is posting listings or signing up to be a volunteer driver, there are many ways to help.

## Dashboard

### Recipients

## As Simple as One, Two, Three

Donating extra food to those in need has never been easier. It's as quick as signing up, posting a listing, and waiting for a pick-up!

The screenshot shows three cards on the left side of the screen. 1. 'Get Started': Shows a phone displaying the 'Welcome' screen with a bar chart and a button to 'Select'. Text: 'Whether you're a food donor or recipient, it all starts on our Progressive Web Application. Just sign up and select your occupation; food donors are able to post listings and recipients are able to view listings near them. Ecoeats makes this easy with our intuitive and easy-to-understand interface.' 2. 'Post a Listing': Shows a phone displaying the 'Active donations' screen with a list of food items (Pasta, Pizza, Donuts, Leftover burgers) and buttons to 'Address' and 'Finish'. Text: 'Donors can easily post listings of available food items, and recipients can view and claim them. Ecoeats simplifies the process with a user-friendly interface.' 3. 'Get Insights': Shows a phone displaying the 'Statistics' screen with a pie chart showing '175' and '55%', and a bar chart showing '11 tons'. Text: 'Ecoeats provides state-of-the-art analytics to help you understand your impact. Visualize donations, carbon offsets, top recipients, and more.'

## Testimonials Don't Lie

See what our customers have to say about our lawncare services.

★★★★★

They are very professional, reliable, and always do a fantastic job. My lawn has never looked better, and I would highly recommend them to anyone.

Dylan A.  
September 12th, 2023

★★★★★

I had been struggling with my yard for years, and it wasn't until I found this company that I was able to achieve the beautiful lawn I had always wanted.

Paul M.  
July 21st, 2023

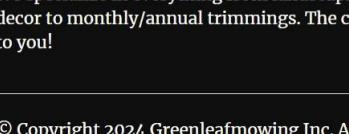

★★★★★

I have used this company for both lawn care and landscaping project, and they never disappoint. Their attention to detail is impeccable.

# EasyAP

<https://easyap.vercel.app>

EasyAP is an EdTech software project I'm currently developing. For this website design, I drew inspiration from the modern trend of startup web designs that feature bold, vibrant colors. I selected a purple and pink color scheme to appeal to my target audience—teenagers—making sure the design is eye-catching and engaging. All graphics were created by me using Figma.

## Color Palette

## EasyAP Design

The screenshot shows the homepage of the EasyAP website. At the top is a navigation bar with links for Home, Courses, Resources, Pricing, Dashboard, and a user icon. Below the navigation is a search bar labeled "Explore 500+ AP Resources". The main content area features a large banner with the text "Ace your next AP exam easily with EasyAP". Below the banner, there's a section titled "View Sample FRQ Responses" with a sub-section for AP Calculus AB. This section includes a video player, lesson cards for finding videos, lessons, and questions, and a problem set for Calculus AB review. To the right, there's a sidebar titled "Subject Page UI" showing various unit-specific resources like Limits and Continuity, Differentiation, Integration, Differential Equations, and Applications - Calculus, each with a count of resources. A button at the bottom right of the sidebar says "Explore All Units".

Put the A+ in AP

## Your Swiss Knife for everything AP

EasyAP is a simple, yet powerful directory of resources enabling you to get the score YOU want on your AP Exam

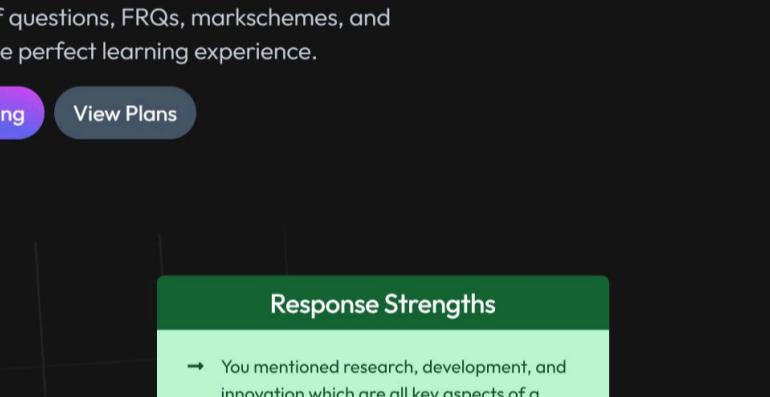

### One Simple Website, A thousand Unique Resources

#### Video Resources

EasyAP provides hundreds of video resources for each AP class and its subunits. Watch to your heart's content!

#### Full-Length Lessons

EasyAP scours the web to find the best lessons for AP topics - making them easier to learn and grasp!

### Hundreds of High-Quality, Customized Questions with Feedback.

Explore hundreds of questions from your favorite AP Classes - from Statistics to Calculus to Human Geography. Each of our questions are customized and have built-in explanations for easy learning!

#### AP Biology, Unit 3, MCQ Question

Organisms that reproduce sexually exhibit zygotic, genetic, or sporadic meiosis. One way to determine the type of life cycle an organism has is by

- (A) Observing embryonic development.
- (B) Comparing the diploid and haploid forms of the organism.
- (C) Determining when in the life cycle fertilization occurs.
- (D) Determining if gametes are multicellular or unicellular.

Correct: Comparing the diploid and haploid forms rewards the life cycle type; if diploid dominates, it's zygotic; if haploid dominates, it's sporadic; if both are multicellular and independent, it's genetic.

#### AP Biology, Unit 4, MCQ Question

Why isn't Taiwan a sovereign state?

- (A) It is not recognized by all of the other sovereign states
- (B) Taiwan wants to remain autonomous
- (C) Taiwan is categorized as nation and not a state
- (D) Taiwan is a colony of China

Correct: Taiwan is considered a sovereign state because it lacks the one-China policy and the People's Republic of China's claim over Taiwan.

#### AP Physics 1, Unit 1, MCQ Question

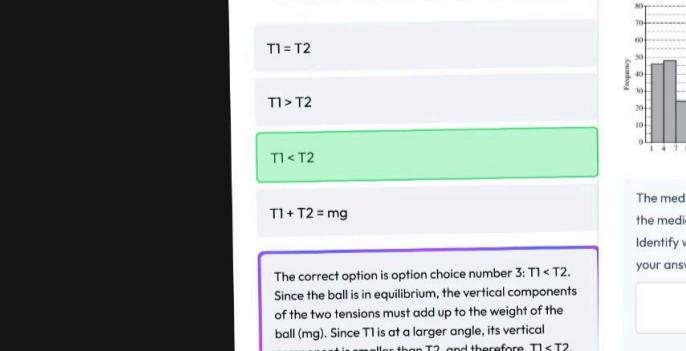

Starting from rest, object 1 falls freely for 4.0 seconds, and object 2 falls freely for 8.0 seconds. Compared to object 1,

- (A) Half as far
- (B) Twice as far
- (C) Three times as far
- (D) Four times as far

Correct: Since distance is proportional to time squared. An object falling for twice the time will fall four times the distance.

### Get the score you want, you deserve

If you put in the effort, you deserve that beautiful 4 or 5. With EasyAP, we can guarantee that with effort and utilizing all of our features, you'll get the score you want!

### Practice, Practice, and more Practice!

#### Full-Length Lessons

EasyAP scours the web to find the best lessons for AP topics - making them easier to learn and grasp!

#### Problem Sets

Learning is one thing, but practicing is another. EasyAP provides a directory of problem sets for overall topics and subunits!

**Get Instant AI Feedback** on your responses. EasyAP's AI will instantly grade and provide you a detailed analysis on your response so you can practice and understand faster.

#### Instant Grading

Our AI grades your responses in real-time, allowing you to see your performance immediately and improve on it.

#### Comprehensive Analysis

The feedback includes a detailed breakdown of your response, highlighting what you did well and where you need improvement.

#### Practice & Improve

Use the insights from the feedback to practice and enhance your skills, ensuring you are better prepared for the actual exam.

AP Human Geography, Unit 3, FRQ Question

Describe the concept of a growth pole.

Your Response:  
A location where research, development, and/or innovation (e.g., new product or process) generate new products and/or services.

Correct: You mentioned research, development, and innovation which are all key aspects of a growth pole.

Response Strengths
You mentioned research, development, and innovation which are all key aspects of a growth pole

Response Weaknesses
You didn't fully describe how the growth pole impacts the region
You are missing important details about what a growth pole is as a whole

Suggestion
Explain how the growth pole functions by providing more details about how the concentration of research and development activities leads to economic and social growth in areas that surround the growth pole

**Get Instant AI Feedback** on your responses. EasyAP's AI will instantly grade and provide you a detailed analysis on your response so you can practice and understand faster.

#### Multiple Choice (MCQs)

Get Answers, Explanations, and Hints for Multiple choice questions. Use our database of hundreds of questions to practice and learn.

#### Free Response (FRQs)

Get personalized feedback, strengths, weaknesses, and suggestions from your FRQ responses. Practice with our database of 10s of FRQs.

AP Physics 1, Unit 2, Question 31

A ball of mass  $m$  is suspended from two strings of unequal length as shown above. The magnitudes of the tensions  $T_1$  and  $T_2$  in the strings must satisfy which of the following relations?

(A)  $T_1 = T_2$   
(B)  $T_1 < T_2$   
(C)  $T_1 > T_2$   
(D)  $T_1 + T_2 = mg$

Correct: The correct option is option choice number 3.  $T_1 > T_2$ . Since the ball is in equilibrium, the vertical components of the two tensions must add up to the weight of the ball ( $mg$ ). Since  $T_1$  is at a larger angle, its vertical component is smaller than  $T_2$ , and therefore,  $T_1 > T_2$ .

What can an AI trained on hundreds of AP Questions do? Well, It can provide high-quality hints, answers, and explanations.
Accurate Answers
Get precise answers to your questions, ensuring you have the correct information to study and review.
Detailed Explanations
Each answer comes with a thorough explanation, breaking down complex concepts into understandable parts.

**Use it on everything. Yes, literally everything.** Use our built-in AI to get answers, hints, explanations, and more for MCQs, FRQs, DBQs, whatever Qs!

#### Use For Free

AP Statistics, Unit 1, FRQ Question 3

Teaching year is recorded as an integer, with first-year teachers recorded as 1, and second-year teachers recorded as 2, and so on. Both sets of data have a mean teaching year of 8.2, with data recorded from 200 teachers of High School A and 221 teachers of High School B. On the histograms, each interval represents possible integer values from the left endpoint up to but not including the right endpoint.

Correct: The median for High School A is 6, and the median teaching year for the other high school is 7. Identify which high school has each median and justify your answer.

# Talem

<https://talem.org>

Talem is an EdTech project I worked on. For this design, I chose a bright, gradient color scheme to create a playful and engaging feel. Since the website targets high schoolers, I selected a fun font and a blue-purple color scheme to evoke a sense of comfort.

## Color Palette

## Typefaces Used:

Inter  
Outfit

**Talem Design:**

The homepage features a large, bold title "High School Made Easy" in black and blue. Below it is a sub-headline: "Talem makes finding highschool opportunities easy - whether it's extracurriculars, research programs, competitions, or sample college applications; we have it all." A prominent button labeled "Explore The Database" is visible. The navigation bar includes links for Home, Extracurriculars, About, Blog (Beta), Programs, Applications (New), and a "Submit" button.

**Finding Extracurriculars and Opportunities has never been easier.**

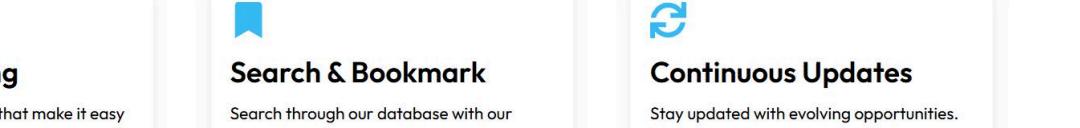

Talem makes searching for the perfect Extracurriculars and Opportunities easier by allowing you to sort and filter through our massive database of over 500+ items.

<b>One Massive Database.</b> Talem boasts a massive database with over 100+ Extracurriculars and Internships for you to search and sort through. Find what you liked has never been easier.	<b>Sort &amp; Filter</b> No need to spend hours searching for that one right activity for you. Talem allows you to quickly sort and filter through our massive collection of opportunities.
<b>Find College Programs</b> Talem also allows you to search through our massive college-program database and find the best summer/pre-college programs for you!	<b>Get Inspired</b> Use our college applications feature to find applications from talented students across the world - from top state schools to Ivy leagues.

**No Paywall, No Sign-Up required.**

It seems like these days, everything is hidden behind a paywall. Talem is **100% free and always will be**. We believe that every high schooler should have **equal access** to opportunities.

- No Signup or Login.** Talem doesn't require you to sign-up or log-in at all. Just head on over to our database, and explore for yourself.
- Free Forever.** Talem will always be free and stay free. We are committed to make sure every highschooler has the equal chance of getting the information they deserve.
- Built with your help.** Talem was built with YOUR suggestions and feedback. You can help us out by submitting an activity or joining our discord server!

## Find the right activities to make your resume shine

Talem enables you to find the perfect extracurriculars and competitions for your resume or college application!

**Build a killer portfolio**

The portfolio section displays three examples of extracurricular profiles: Model United Nations (MUN), First Robotics Competition, and USA Biology Olympiad (USABO). Each profile includes a brief description, filters (e.g., Long-Term, In-Person, All Grades, Beginner-Friendly, Competition), and a "View Site" button.

## Finding Extracurriculars Made Accessible.

The homepage features several cards highlighting different extracurricular organizations:

- Technology Student Association (TSA)**: Described as a nationally recognized organization that promotes STEM education and offers a variety of activities and competitions for high school students.
- National Geographic Student Photo Contest**: A competition that celebrates the creativity and talent of student photographers.
- National Speech and Debate Association (NSDA) Tournament**: A prestigious competition that brings together talented speakers and debaters from across the country to showcase their public speaking and debate skills.
- Future Business Leaders of America (FBLA)**: A premier student organization that prepares high school students for careers in business and leadership roles.

## One Powerful Filtering System

Talem offers an extensive array of filters, empowering you to discover the **perfect** activity tailored to your preferences.

Very Helpful to Me

Talem showed me a lot of extracurriculars I didn't know existed. Through this website, I found a passion for Model UN and joined my school's debate team as well. I feel like I have a real purpose now and this is all thanks to Talem!

Ananya, Senior from California

Best Site EVER

Talem is one of the most helpful sites. It helped me find Computer Science Competitions which are really interesting to me especially because I love computers! I also started doing Debate after finding them and now I'm preparing for Mathematics Competitions like HMMT and AMC 10, all of which I wouldn't have learned if not for this website.

Advik, Sophomore from Texas

Better than Anything Else

I found this website from a friend and did not expect much of it. I thought it was another highschool run regular nonprofit, but I was wrong. Talem is a great website that I am sure has helped not only me, but many other highschoolers in the process as well. The website is built very well and the user experience is really nice as well! :-)

Channing, Junior Highschooler from Taiwan

Saved my College Apps!

I can not stress how helpful this site has been to me! I found some last minute activities and competitions I could put on my college application before I applied which helped me a ton! Kudos to the Talem Team for putting this amazing site together! Their college programs feature also helped me find a few programs at my favorite uni that I did over the summer.

Ananya, Senior from California

Helpful to all students...

Here in India there are not many resources for us students. This website has helped me a lot in finding extracurriculars and competitions that I can do regardless of where I live. It has provided a lot of help to international students and since I want to study in the USA, Talem has helped me a lot with finding opportunities.

Rohan, Class 11 from India

# Score1600

<https://score1600.com>

Score1600 is an SAT tutoring company for which I created a website. I chose a simple light yellow and green color scheme, with custom graphics to highlight the company's process and operations. I also incorporated a "skewed" design, a form of locomotive design, to give users the feeling of going on a "journey" as they scroll through the site.

## Don't take it from us.

These reviews are based off of a trial series we conducted to see how our tutoring is/how good our content is.

**Kushi**  
SAT Learner

The slideshows are very well organized and easy to follow along with, content is very good. The tutoring is amazing and very well organized, I love these sessions!

**Allam**  
SAT Learner

I thought you did a good job explaining things, and providing that extra explanation on top helped me understand. The content is well organized too.

**Anonymous**  
SAT Learner

Personally, this was my first time getting tutored for something since I'm usually hesitant about joining tutorials. However, you do a great job of explaining the content and questions as we go over them. You're patient and you make sure to go over questions until we understand. I really enjoyed this experience, thank you!

**Zia**  
SAT Learner

I was very impressed and it was the only session that I felt was worth spending my time on. The content is very good, it's pretty much exactly what you need to know.

**Asma**  
SAT Learner

I think you aren't too fast or too slow, just perfect. Overall, it was sooo helpful and you are so friendly and your explaining is also straightforward.

**Muna**  
SAT Learner

I loved the slideshows. The direct practice after each explanation was extremely helpful and even when the explanations were a little weird, the steps were still helpful. Learned the most from the tricky questions, but in general they were good and helpful. Fantastic Sessions!

**Steve**  
SAT Learner

The content is well organized and the questions were structured good. Easy questions first then the hard ones later. The tutoring is amazing, like no other.

**Asma**  
SAT Learner

I think you aren't too fast or too slow, just perfect. Overall, it was sooo helpful and you are so friendly and your explaining is also straightforward.

**Adam**  
SAT Learner

It was perfect, you were just right and more than that. I joined like late, but I still understood everything.
